North East West South is NEWS

European Commission President Ursula von der Leyen said on July 8 that Europe will seek to rebalance its economic and trade relations with China, including requiring China to relax market access for European companies and relax export controls on rare earth products. In addition, issues such as overcapacity and China's covert support for Russia will also be mentioned at the EU-China summit at the end of this month.

US President Donald Trump said he intends to impose a 50% tariff on copper sold to the United States; he also threatened to impose a tax rate of up to 200% on pharmaceuticals, which is expected to take effect at least one year later.

"Bitcoin Asia 2025", Asia's largest international Bitcoin conference, will be held in Hong Kong from August 28 to 29. According to the official website, US President Trump's second son Eric Trump will come to Hong Kong to attend the meeting and give a speech at the meeting.

Ukrainian authorities said today that Russia launched its largest missile and drone attack on Ukraine since its full-scale invasion more than three years ago, mainly targeting the country's western region. The Ukrainian Air Force said Russia launched 728 drones and 13 missiles in the attack, and said its air defense system intercepted 711 drones and destroyed at least seven missiles.

Russia's Kremlin spokesman Dmitry Peskov said Russia looked forward to continuing dialogue with the United States and working to repair badly damaged Russian-American relations.

Russia/Ukraine Conflict

Nobel Prize of Peace

Benjamin Netanyahu, the Israel prime minister, nominated Donald Trump as a candidate for the Noble Prize of Peace 2026. *The Oxford Dictionary of Contemporary History* describes it as "the most prestigious prize in the world." In the past, 4 US presidents had got such an award and they are Theodore Roosevelt, Woodrow Wilson, Jimmy Carter, and Barack Obama.

According to the last will of Alfred Noble, 5 awards started in 1901 which are Physics, Chemistry, Medicine, Literature and Peace. In 1968, Sweden Central Bank in memory of their 300 anniversary, having co-operation with Nobel Foundation to give award to Economics. Investors should know the department of economics with the most affiliated laureates in economic sciences is the University of Chicago, (16 affiliated laureates). Nowadays, the University of Chicago always ranks number one in the world in Economics.

The entity that award Nobel Prize of Peace most is the International committee of Red Cross.

What will be the effect to investors, this is the most important thing that every investor want to know. Donald Trump is full of hatred speeches and if he really wants to win the Prize of Peace, he should adjust his speeches henceforward. Trump always like people making up to him. In Cantonese it is brushing his shoes which means he like people to praise for his success and skillfulness. Those countries that want lower tariff need to brush his shoes. That means no one will say no to him, and thus he can hardly detect the negative side of his policies. So his tariff war and other polices may be running too far and not willing to adjust. Elon Musk argued with him and TLSA fell greatly, Jensen Huang is in harmony with Trump and NVDA rose to record high. TSM will be star of tomorrow after the tariff war.
